FVPSA Final Rule: Supporting Services for All Survivors

INFORMATION WEBINAR
Tuesday, July 25, 2017
4:00 – 5:00 PM ET

The Family Violence Prevention and Services Act (FVPSA) Program, Family & Youth Services Bureau, is pleased to host an information webinar on the FVPSA Final Rule, 45 CFR Part 1370, for FVPSA grantees and subgrantees. The Final Rule, which became effective on January 3, 2017, incorporates statutory requirements from the 2010 FVPSA reauthorization as well as existing program policies and guidance into regulation, which are FVPSA's standards of practice. More specifically, the new regulations clarify and reinforce that, as a condition of receiving federal funds, all FVPSA grantees and subgrantees must adhere to statutory and regulatory requirements that are vital to the FVPSA mission of supporting welcoming, inclusive, and accessible services for all survivors of domestic and dating violence and their families.

This live webinar will provide an overview of important regulatory provisions, including:

- **Key definitions**
- **Confidentiality requirements**
- **Non-discrimination and accessibility requirements**
- **Voluntary services/no conditions on the receipt of emergency shelter requirements**
- **State planning and state domestic violence coalition needs assessments**
- **Discretionary grant programs**
