

Take-aways from 1st session

breakout session A

Decenter urgency!

Prevention is listening

Community should driv

trust building is necessary

Prevention is intervention

Be authentic & genuine

Prevention and Intervention

Should not compete

Empathy, vulnerability, consistency,
showing up, transparency,
authenticity

Breakout Session B

Ages of BIPOC girls affected by
DV is getting younger and
younger

Listen first. Have a plan for
action second

Put your money where your mouth is

Experience is Expertise 

building a new table

Breakout session c

Listen to the communities we
serve and show up for them

Us Take examples of

Every organization represented
on this call should take a hard
look at how we are contributing to
the problem and this webinar is a
great step but we can't end here.

Centering voices require vulnerability
